Dear Class of 2011:

I'm writing my message to you in mid-November, twenty five percent of the way through your senior year. Right now, I'm looking forward to Thanksgiving break, and I am realizing that as I look forward to the remainder of this school year, you will be looking back upon the year when you read this letter for the first time. This is a special time in your lives; you have reached a major milestone and are about to enter full adulthood with all the responsibility and privilege that is associated with this transition. Graduation marks the end of one chapter and the beginning of another. Even though I've worked in school systems for many years, the importance of graduation has never lost meaning for me.

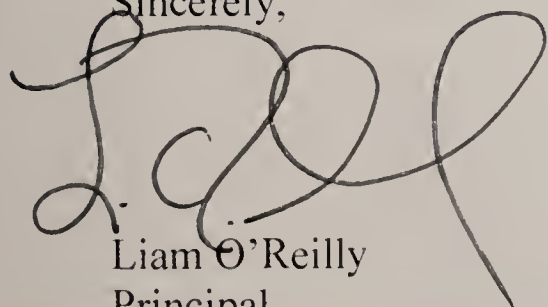

I hope you look back on your time at East Windsor High School fondly. I'm sure that your twelve year journey has had its share of difficulties and heartaches, but I am hopeful that the good times have far outweighed the difficult. These were not the best years of your life, I promise you the best are yet to come, but you were all fortunate to have been members of the East Windsor learning community. My hope is that you remember that you learned much in a school system that genuinely cares for you.

I imagine that you will read this message once again around the time of your twentieth high school reunion. At that time you will all be in your late thirties, well established in your careers and for many you will be parents to your own children. Looking back at your time in East Windsor, you should be reminded of the values that you learned here from your parents and teachers. Doing so will insure that you also 'teach your own children well' and that you will be confident in the promise of our young. I am certainly confident in the promise of all of you!

I will remember the Class of 2011 for their good humor, (most warmly the 'forking' of our front lawn), good citizenship and good scholarship. What will you remember? Take the time now to think about what characterizes your graduating class the most. What common event or experience unified you? Who were you with? What makes the memory special? Hold onto that memory and keep it close to you. You never know when you will need to call the lessons associated with that time when the going gets tough.

Best wishes to all of you and, on behalf of the entire East Windsor Learning community, thank you for the important role you have played in our lives.

Sincerely,

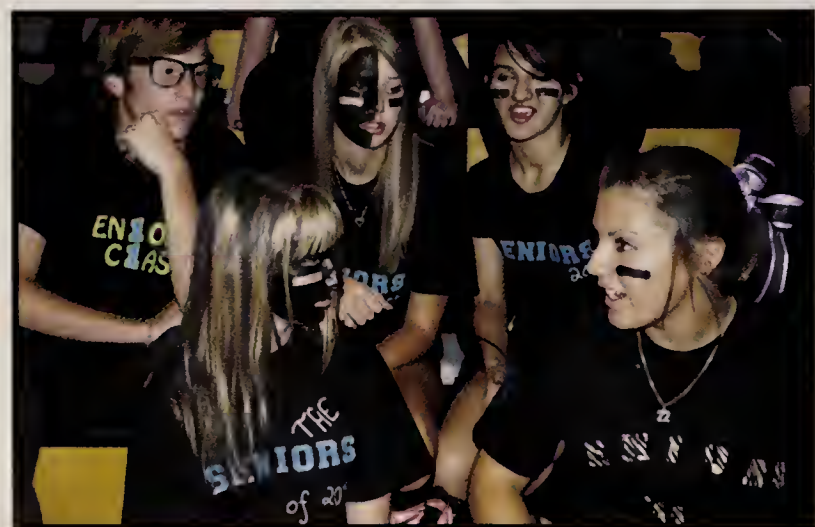

Liam O'Reilly  
Principal

# Dedication

The class of 2011 is pleased to dedicate this yearbook to Mr. Jeffrey Moore. We value his school spirit and charismatic approach to teaching. Mr. Moore has gained the highest level of respect from both staff and students in his four years at East Windsor High School. His self-described goal is to get students curious as well as to have them make their own decisions both in and out of the classroom.

The Class of 2011 considers Mr. Moore a “go to guy” for both educational and social issues. As a proponent of athletics and extracurriculars, Mr. Moore is not only sitting in the audience or even participating in fundraisers and events, but he is the enthusiastic guy in the front row cheering on every student. His overwhelming support is solely for the students who he has grown to know and love is his four years here. The Class of 2011 entered the high school with Mr. Moore back in 2007 and he will always be part of our class!

## In Loving Memory Charlie Gonzalez

Born on 10.19.92 in Jersey City, NJ and passed away on 9.25.10  
We could never have asked for a more wonderful daughter. Everything she  
did made us proud, Charlie was a sister, friend, & a great character.  
She was smart, unique, quirky and her sarcasm was always a real sign of  
her love and emotional side.

Charlie had such a thirst for life she was a strong individual and true to  
herself she had her first job that she was proud of because she was  
persistent and went after it. Charlie was beautiful, had a huge heart and  
she didn't care what anyone thought of her. She loved her family, music,  
reading, Halloween, drawing & Jack. She had just started to live a real  
life. At her High School, she was on the Color Guard team, Backstage  
Drama Crew, & SADD She was due to graduate in 2011 but the Dream will  
never be as her life was cut short. Charlie we all love you, and will miss  
you. Charlie you will always be in our minds and never forgotten.

# Class History

By

Connor Halloran, Class Historian

A new path was set in place for us to explore our new surroundings. We were the 2007 freshman ready to take every opportunity to have an outstanding high school experience. Our first year began with many activities. Ryan Briggs, Briana Matteson, Kelly Lemay, Marisa Prior, Nick Parker, and Chris Bona led our first year. Mrs. Whalen and Mrs. Wilson, our class advisors, were there to support us on our four year journey. The traditional Spirit Week got us involved with exciting events to kick off our panther pride. The hallway contest theme was board games and we were ready to impress everyone with Life as our theme. Although we did not win, it was an enjoyable time. We were determined to look ahead and be prepared for next year's Spirit Week. We also attended our first Homecoming Dance. Ryan Briggs and Briana Matteson were nominated for our Freshman Court. We had entered a different environment and were ready to enjoy every minute of it.

Our sophomore year was also very eventful. We were no longer at the bottom of the food chain and were prepared to make a new name for ourselves. Our second year was led by Ryan Briggs, Stephanie Berardi, Kelly Lemay, Marisa Prior, Jaime Kessler and Nick Parker. Our class had decided to sell Super Bowl programs to help out with our class dues. We also were able to select our class rings and were excited for them to arrive. We attended our second year of Homecoming and our Sophomore Court nominated Ryan Briggs and Whitney Willingham. With another class graduating, we were slowly moving up the food chain.

Junior year is told to be a difficult year, but it was one of our most eventful. Our class was led by Ryan Briggs, Stephanie Berardi, Emily Simonelli, Kelly Lemay, Jaime Kessler and Connor Halloran. We were welcomed with a new principal and assistant principal. Mr. O'Reilly and Mr. Sierakowski made continuous efforts to make our school a better place. The traditional Spirit Week was upon us again and we were determined to beat the senior class. The hallway theme was seasons and we spent as much time and effort to make our winter theme the best that it could be. We had students sit on Santa's lap and allowed others to compete in a hockey shoot out. Our hard work paid off and we finally defeated the senior class. We were so pumped. In its third year, Homecoming proved to be another enjoyable evening. Ryan Briggs and Shannon Hutchinson were selected for the Junior Court. The other big event that everyone looked forward to was Prom. Our prom was held at the Sheraton Hotel in Bradley Airport on May 21, 2010. The king and queen were Frankie Rocca and Briana Matteson. The court consisted of Kelly Strba, Aishia Ike, Kayla Hersom, Josh Canning, Tyshawn Davis and Connor Griffin.

Senior year had finally arrived! We were now the leaders of the school. Mr. O'Reilly was in his second year as principal and was determined to make our last year a memorable one. Mrs. Thomas was also selected as our new assistant principal. Marisa Prior, Stephanie Berardi, Kelly Lemay, Emilee Golden, Jaime Kessler, and Connor Halloran led our final year. Homecoming was another success with Ryan Briggs and Stephanie Berardi selected for court, and Connor Halloran and Kelly Lemay selected for King and Queen. The year ended with Mr. East Windsor, the Senior Banquet, Class Outing, Graduation and an enjoyable Graduate and Celebrate Party. We were all looking forward to moving on and changing the world!

This year's captains were Briana Matteson, Kelly Lemay, and Kelly Strba.

With five returning seniors and eleven new underclassmen ready to play, East Windsor was striving for a change. Many new additions were made to the team, including a new head coach, Bill Arzt. With the determination to win, JV pulled through with seven wins. Although Varsity's box scores did not show it, the improvement shined throughout the games over the course of the season and many of the returning fans had witnessed this change. For the seniors, Kelly Strba, Briana Matteson, Kelly Lemay, Lisa Gallipo, Kayla Hersom, Emma Golden and KC King, the night game was exciting with a disappointing result of losing by one goal with three seconds in the game with double overtime. Nonetheless, this game was a turning point for both seniors and underclassmen on the team. Although the season had many ups and downs, many are excited to see what is in store for next year with this talented group of girls.

With the desire and determination of the returning players and the coaches, Bob Lengyel and Melissa Maltese, a state berth was the main goal for the Girl's Basketball Team. The team's four returning seniors, Kayla Hersom, Briana Matteson, Emma Golden and Kelly Strba led the girls. Because of the hard work in the off season and great participation in the fall and summer league, the team was ready for what was ahead of them. Their first win was the opening game against Granby, but the accomplishments and excitement had only begun. The team was then able to overcome the .500 mark in a victory against Prince Tech. Despite the challenges and obstacles that the team faced, they made great strides forward as team.

# Wrestling

The East Windsor Panthers Wrestling team started out with high numbers, but as practices got harder, the numbers dwindled, leaving those had heart to outlast. The season would be promising. With such young talent, the team would progress from so-so, to one of the best in years.

Last year's conference record of 0-7, changed to 2-5. And the overall record much improved. From 3-12, to 6-7, with still a few more meets to go. Senior Captains Seth Miller (140), Eric Strba (112), and Alex Szymanski (135) knew that they must "leave it all out on the mat" this year, with the final goal being either Conference or State Champion. Individual success was apparent. Seth Miller took first in three regular season tournaments, with a 2nd and 4th place finish at others, while Eric Strba also took home hardware for 2nd in NY. Seth also surpassed 100 career wins this season. All three captains hope to take home both the Conference and State title for East Windsor

This year's indoor track team had a good turnout to build a solid team. The majority of the members were able to qualify for the Conference Meet. Also, several members participated in the state meet. The team was able to set several new school records. Overall, the team collected several medals and had a successful season. The strong underclassmen presence will provide the team with a good foundation in the coming years.

Kids-n-Critters is a voluntary club for students interested in reptiles, as well as teaching others. Kids have the opportunity to take responsibility for different reptiles that are in the program. These responsibilities include feeding, cleaning and handling.

This club provides students a place to go where they can pursue their interest in cars: talk about cars, work on project vehicles, learn and improve upon basic automotive skills. In addition, members also organize, advertise and put on their own car shows, which consist of students' vehicles, classics, streets, rods, imports, trucks, bikes and anything else on wheels.

## IN RECOVERY

As the economy showed signs of recovery from the worst recession most Americans had ever known, President Barack Obama's satisfaction ratings also became more positive.

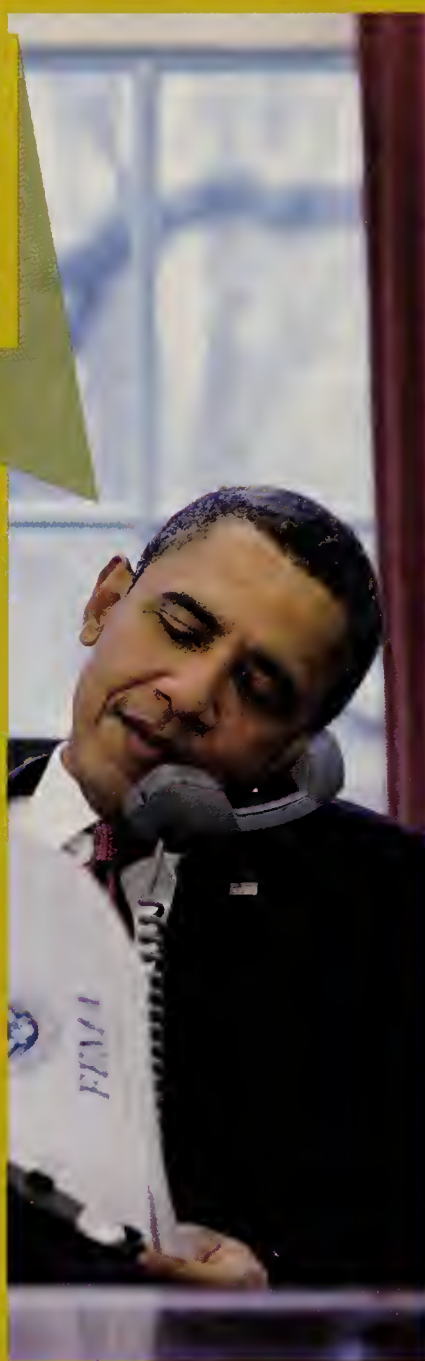

**43%**

OF TEENS WERE BULLIED ONLINE.

**1 OUT OF 4**  
TEENS  
REPORTED BEING BULLIED.

## CYBER-BULLYING

Bullying didn't always happen at school or even in person. Some of the most vicious attacks happened over the internet on social networking sites or via instant messages. Many worried that internet bullying was becoming more prominent because of the relative anonymity afforded by phantom screen names.

(clockwise from top left)

**NEW HOMEOWNERS REJOICE** First-time home buyers received tax credits of up to \$8,000 when Congress passed a bill intended to revitalize a struggling housing market. The early summer deadline was later extended to serve those buyers whose closings were delayed due to the number of loans being processed. **WAR IS OVER** In late August, President Obama announced that Operation Iraqi Freedom had officially ended. While the last combat brigade had already vacated, some U.S. troops remained in Iraq through year's end to help with training new Iraqi military forces. **HEALTH-CARE REFORM** The Affordable Care Act was signed into effect in March 2010, with the hope of enhancing accessibility and quality of health care for all Americans. Prospects for a potential repeal continued for months. **PAYROLL TAX CUT** Aimed at stimulating the economy by increasing take-home pay, these cuts saved workers earning \$50,000 an estimated \$1,000. Some opponents worried about the decrease the cuts would cause in Social Security funding.

## A REAL ISSUE:

# BULLYING

Though bullies had been feared in schools and neighborhoods for centuries, the changing landscape of peer teasing and torture took several visible turns in recent years.

In the past, intimidation and verbal or physical abuse may have been most common forms of bullying. Another form of bullying, social alienation, became more powerful as a result of cyber bullying, where a victim's reputation may have been destroyed via emails, blogs, forum posts or text messages.

After what seemed to be an increase in teen and tween suicides due to bullying, many schools, communities and other organizations moved to provide programs and information for affected students and their parents/teachers.

### ITGETSBETTER.ORG

This movement, inspiring nearly 10,000 user-created videos and more than 30 million views, was started in 2010 by author Dan Savage. Among the celebrities, politicians and businesses submitting videos were President Obama, Hillary Clinton and employees of both Facebook and Google. It was a place where people could share their stories, take the It Gets Better Project pledge and watch videos of love and support.

### NATIONAL SUICIDE PREVENTION LIFELINE

By calling 1-800-273-TALK, anyone feeling the extreme effects of bullying could get the support they might need from trained volunteers who were ready to help.

### CARTOON NETWORK'S "STOP BULLYING, SPEAK UP" CAMPAIGN

Kid-centric television channels such as Cartoon Network stepped up to the plate in the fight against bullying. They launched their own campaign to encourage kids to speak up and to ultimately get their schools involved in anti-bullying programs.

### THE TREVOR PROJECT AND LIFELINE

The Trevor Project was established to end suicide among young people by providing life-saving and life-affirming resources including a nationwide, 24/7 crisis intervention lifeline (1-866-4-U-TREVOR) digital community and advocacy/educational programs that created a safe, supportive and positive environment for everyone.

#### VIDEO PROOF

#### BOUNCING BACK

Arizona congresswoman Gabrielle Giffords made record strides in her recovery after a gunshot wound to the head during a Tucson shooting in January that killed six others. Giffords was critically injured, but surpassed expectations in the months following the shooting.

#### JOINING FORCES

When Britain's 2010 election ended in a hung Parliament, the two winning rival Prime Minister candidates (David Cameron, a Conservative, and Nick Clegg, a Liberal Democrat) agreed to join forces and form a coalition government, the U.K.'s first in more than 30 years.

#### FLAWLESS RESCUE

Televised efforts allowed the world to look on as Chilean miners trapped underground for nearly 10 weeks by a mining accident returned to safety in October. It took just 22 hours and 37 minutes for all 33 miners to travel nearly half a mile to the surface.

#### EGYPTIAN OVERTHROW

President Hosni Mubarak's 30-year reign over Egypt ended in February when huge protests encouraged him to step down.

#### A ROYAL ENGAGEMENT

## AND THEN

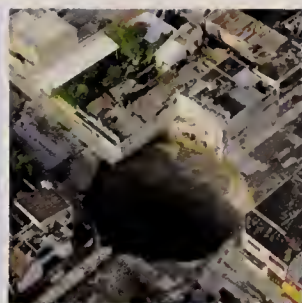

Nearly 100 tons of dead fish, mostly sardines, washed up on a Brazilian beach and reports of other mass deaths came from Italy and France.

While theories about the mass deaths included everything from cold stress and fireworks to hail, many scientists suggested that the various occurrences were merely coincidental.

# /OIL SPILL IN THE GULF

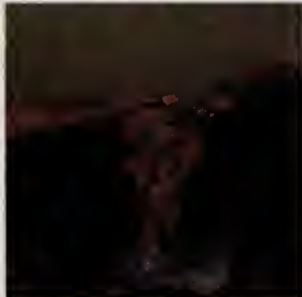

## BRITISH PETROLEUM

CEO Tony Hayward testified before the House Energy and Commerce Oversight and Investigations Subcommittee. Hayward resigned from his post on July 27, 2010.

## 205 MILLION GALLONS

The amount of crude oil that spilled into the Gulf of Mexico made this the world's largest accidental oil spill in history. After five months, the well was declared "effectively dead."

## THE PEOPLE SPEAK

BP station boycotts and anti-BP social media groups as well as traditional protests, like this one in Vienna, Austria, allowed people to make their feelings about the oil spill known.

## BOUND TO HAPPEN

The follow-up report by the National Commission on the BP Deepwater Horizon Oil Spill and Offshore Drilling said 'systemic' problems caused the blowout/oil spill and only 'significant reform' could prevent future spills.

## THE STATS

### APRIL 20, 2010

BP oil rig Deepwater Horizon exploded in the Gulf of Mexico, killing 11 men and injuring 17 workers. In late April, BP estimated the resulting leak at about 5 000 barrels (210,000 gallons) a day.

### A NEW ESTIMATE

In June, the government produced other figures, estimating that 30,000 - 65,000 barrels (as much as 2.7 million gallons) of crude was pumping into the gulf each day.

### OBAMA SPEAKS

The President addressed the nation after traveling to the gulf to survey the damage made to the Louisiana coastline.

### ORGANIZED CHAOS

For months, controlled burns were conducted at sea to help prevent any further spreading of the oil to the shoreline. Coastline in four states was affected.

### MONEY WHERE THEIR MOUTH IS

BP projected that they had already spent \$2 billion on clean-up efforts by June. The budget tallied \$20 billion over three years.

### LIVE FEED

The nation was able to survey the oil escaping from the leak site via BP's live video feed assuring the public that the leak would be taken care of.

## HOW TO PROPERLY WASH OIL-COVERED BIRDS

### STEP 1

Gently flush eyes with warm saline solution. Swab oil from nostrils and bill. Remove any oil from stomach with tube.

### STEP 2

Wash oil from body and wings with a dishwashing solution. Make sure to wipe the feathers in the direction they are growing.

### STEP 3

Repeat 3-4 times until oil is completely washed away, then gently towel dry bird. Bird will be ready for release in 2-4 days.

**DEAD SERIOUS** Oil contamination is often deadly for birds if they are not properly washed and cared for. Oil reverses birds' water resistant feathers, making them vulnerable to temperature change. Oily feathers also make it impossible for birds to fly and can even drag them underwater to drown. The oil can also cause internal harm when birds try to preen the oil from their feathers. It can cause kidney, liver and reproductive damage among other things. **CLEANING EFFORTS** Scientists and other volunteers worked on all kinds of wildlife affected by the spill. The processes for cleaning birds, turtles and dolphins varied, as did survivors' chances for recovery. Thousands of birds and dozens of turtles and dolphins perished. **LASTING EFFECTS** In addition to the casualties and the damage to wildlife, there are numerous other long-term effects. Human health issues included increased risk of cancer and other ailments, as well as escalated stress. Two of the region's other major industries (tourism and seafood) were shut down immediately and suffered lasting losses. Louisiana traditionally contributed a third of the nation's shrimp, oysters, crab and crawdads and, despite massive marketing campaigns, hotels and resorts on the gulf shore suffered decreased occupancy throughout the summer.

### STRENGTH IN NUMBERS

By June, 558,000 barrels had been collected from the water's surface and nearly 1,240 miles worth of booms had been set up to prevent oil from reaching the shoreline.

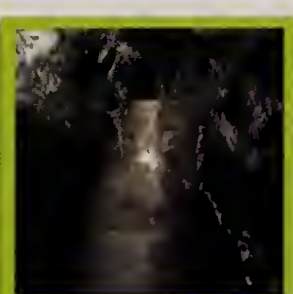

### HELPLESS

While four wildlife rehabilitation centers were established in response to the oil spill, 36 national wildlife sanctuaries were threatened.

### OTHERS JOINED IN

Mexico, Norway, Canada and the Netherlands all donated equipment (such as the water-skimming system on the right) to aid in the clean-up efforts.

### JULY 15, 2010

After nearly three months, the leak was finally capped, but not before the effects of the spill could be seen in photos that were taken from space.

### NO LONGER ASEA

It was estimated that more than 125 miles of Louisiana shoreline was contaminated with the washed up crude oil.

### OIL CAPTURE RIG

Discoverer Enterprise, a deepwater drilling vessel, aided in recovering the spilled oil gushing from the leak site after a cap was placed in June.

# /THE MAKING OF

## TIGERS EDGE DUCKS

The top-ranked Auburn Tigers defeated the No. 2 Oregon Ducks 22-19 in the BCS Championship game in Glendale, AZ as the 2010-11 season wrapped up.
